POSITION STATEMENT: Support Fountain Hills Primary Property Tax - 2018 Ballot Measure

In a 7-0 vote, the town council of Fountain Hills voted in favor of moving forward with their primary property tax ballot measure. This initiative is supported by the Scottsdale Association of Realtors® as it will provide much-needed stability and support for the future viability of Fountain Hills.

Strict, sustainable, fiscal management is required in order to build and maintain the necessary elements, which work together to keep Fountain Hills the beautiful and unique community residents know it to be. Infrastructure, parks, public services, landscapes, bike paths, sidewalks, public gardens and city centers all place continuous financial demands on the local municipality to maintain them; and a primary property tax is a key source for steady, ongoing revenue—one in which the town may rely upon to fund these needs. Given the town of Fountain Hills does not currently have a primary property tax in place, its residents must now address approving or disapproving this steady revenue source to sustain itself.

Please join your fellow citizens and vote 'YES' on May 15 to support the Fountain Hills primary property tax and secure the future of Fountain Hills for generations to come.
